Course Goals

The basic objective of this course is to understand the principles, concepts, and issues surrounding fire, and to integrate this information into the context of natural resource management, protection, and stewardship. At the end of this class, you should be able to:

**Analyze** fire as a physical process, including the chemistry and dynamics of fire

**Understand** fire as an ecological process, including effects on plants, animals, soil, water, and air

**Identify** social and political forces that affect the use of fire, and how they can be incorporated into land management decisions

Descriptions of Assessments

**Fire Story:** A series of four assignments culminating in a fire ecology and/or management paper based on peer reviewed literature.

**Quizzes:** 30 to 60-minute online quizzes that cover lecture material. Quizzes are posted 7 days prior to due date. The lowest quiz grade will be dropped.

**Assignments:** Inquiry-based activities or Canvas discussions that complement the lectures.

**In-Class Activities:** In-class activities that accompany each lecture will require students to summarize information or brainstorm solutions to fire management challenges. The three lowest grades will be dropped.

<tr>
<td><strong>Dr. Crandall will be in the classroom by 8am on Fridays and available to chat. Individual meetings are available upon request. Note that I am unable to have discussions immediately after the lecture because I will be rushing off to lab.</strong></td>
<td></td>
</tr>
<tr>
<td><strong>What are in-class activities?</strong></td>
<td>In-class activities that accompany each lecture will require you to summarize information or brainstorm solutions to fire management challenges. They may also require you to reflect on what you have learned. These activities will help you summarize information for quizzes.</td>
</tr>
<tr>
<td><strong>If you are not present in class, it is likely you will miss this material. Answers to in-class activities are not posted on Canvas. The lowest three in-class activity grades will be dropped.</strong></td>
<td></td>
</tr>
<tr>
<td><strong>What if you must miss a class and the in-class activity?</strong></td>
<td>Review the lecture notes posted on Canvas, request notes from another student, and meet with your instructor if you have questions. <strong>If you are not present in class, you will be unable to complete and submit the in-class activities.</strong></td>

<tr>
<td><strong>Do not fall behind! Communicate with your classmates, visit the class Canvas page, and turn in assignments on time. Please contact your instructor if you need to miss multiple classes. I care and want to help you succeed.</strong></td>
<td></td>
</tr>
<tr>
<td><strong>What if you must miss many classes?</strong></td>
<td>PLEASE communicate with me as soon as you think you will need to miss multiple classes or assignments. We will work together to develop a plan for completing the course without undue stress.</td>
</tr>
<tr>
<td><strong>If I notice you are falling behind or not attending class, expect an email from me. That said, you need to take the initiative and be proactive about ensuring you submit work on time or develop a plan with me.</strong></td>
<td></td>
</tr>
<tr>
<td><strong>What if you miss a due date?</strong></td>
<td>Unless PRIOR arrangements have been made with your instructors, there will be a 10% grade reduction each day an assignment is late up to one week. <strong>Seven days after the due date, the submission page will lock, and a zero will be assigned.</strong> For example, if the assignment is due on the 5th, it will lock on the 12th at 11:59pm.</td>
</tr>
<tr>
<td><strong>Make-up quizzes are not available. Quiz answers are posted after the quiz closes and discussed in lecture. You will be able to drop your lowest quiz grade.</strong></td>

Required Readings

Selected peer-reviewed papers, news articles, podcasts, and videos will be posted in individual modules on Canvas.
Diversity & Inclusion

Just as in any professional environment, meaningful and constructive dialogue is expected in this class and requires a degree of mutual respect, willingness to listen, and tolerance of opposing points of view. Respect for individual differences and alternative viewpoints will be maintained at all times in this class. One’s words and use of language should be temperate and within acceptable bounds of civility and decency. Friendly persuasion wins friends and influences people. Aggressively arguing your point often does the opposite and stops dialogue.

Inclusive Learning Environment

This course embraces the University of Florida’s Non-Discrimination Policy, which reads,

The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act.

If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see the instructor or refer to the Office of Multicultural & Diversity Affairs website: http://multicultural.ufl.edu.

Course Logistics & Requirements

Students may access lectures, assignments, readings, and supporting materials through the course Canvas site as they become available.

Technology Requirements:

- A computer or mobile device with high-speed internet connection.
- A webcam, headset and/or microphone, and speakers.
- Latest version of web browser. Canvas supports only the two most recent versions of any given browser. What browser am I using?
- Installation of proctoring software may be required and will be provided if so.

Synchronous online sessions may be recorded. By sharing your video, screen, or audio during any synchronous online class sessions, you are consenting to being recorded for the benefit of students who cannot attend live as well as for class review during the current semester. If you have special circumstances or concerns about privacy, it is your responsibility to discuss it with your instructor.

Communication

Just as in any professional environment, meaningful and constructive dialogue is expected in this class and requires a degree of mutual respect, willingness to listen, and tolerance of opposing points of view. Respect for individual differences and alternative viewpoints will be maintained in this class at all times. All members of the class are expected to follow rules of common courtesy, decency, and civility in all interactions. Failure to do so will not be tolerated and may result in loss of participation points and/or referral to the Dean of Students’ Office.

Attendance, Late Submissions & Make-up Requests

It is important that you be present for every class meeting, so you can interact with your classmates and participate in activities. It is the responsibility of the student to access online lectures, readings, quizzes, and exams and to maintain satisfactory progress in the course.

Requirements for class attendance and make-up exams, assignments and other work are consistent with university policies that can be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

Computer or other hardware failures, except failure of the UF e-Learning system, will not excuse students for missing assignments. Any late submissions due to technical issues MUST be accompanied by the ticket number received from the Helpdesk when the problem was reported to them. The ticket number will document the time and date of the problem. You MUST e-mail your instructor within 24 hours of the technical difficulty if you wish to request consideration.

For computer, software compatibility, or access problems call the HELP DESK phone number at 352-392-HELP or 352-392-4357, select option 2.

Help for Technical Difficulties

For issues with technical difficulties for e-learning in Canvas, please post your question to the Technical Help Discussion in your course, or contact the UF Help Desk at: Learning-support@ufl.edu | (352) 392-HELP - select option 2 | http://elearning.ufl.edu

As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g., assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct or appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated.

Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For more information regarding the Student Honor Code, please see: http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code.

The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. 0001 Reid Hall, 352-392-8565, disability.ufl.edu

The Pantry (http://pantry.fieldandfork.ufl.edu) is a resource on the University of Florida campus committed to eradicate food insecurity. Food insecurity is not having a reliable access to nutritious foods for yourself on a regular basis. If you, or anyone you know is experiencing food insecurity, the Pantry is a resource to visit. We offer non-perishable food, toiletries and fresh vegetables grown at the Field and Fork Gardens to provide a well-balanced diet. Protecting the privacy of its guests and providing food to those in need within our campus community is our priority. Our guests do not need any proof of need to use this resource, all that is needed is a Gator 1 ID to prove you are a current Student, Faculty or Staff at the University of Florida.

Students experiencing crises or personal problems that interfere with their general well-being are encouraged to use the university’s counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance.

Student assessment of instruction is an important part of efforts to improve teaching and learning.

At approximately the mid-point of the semester, the School of Forest, Fisheries, and Geomatic Sciences will request anonymous feedback on student satisfaction on various aspects of this course. These surveys will be sent out through Canvas and are not required but encouraged. This is not the UF Faculty Evaluation!

At the end of the semester, students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at https://gatorevals.aaiufl.edu/students/. Students will be notified when the evaluation period opens and can complete evaluations through the email they receive from GatorEvals, or via https://ufl.blueria.com/ufl/. Summaries of course evaluation results are available to students at https://gatorevals.aaiufl.edu/public-results/.

The School of Forest, Fisheries, and Geomatic Sciences cares about your experience and we will make every effort to address course concerns. We request that all our students complete a course satisfaction survey each semester, which is a time for you to voice your thoughts on how your course is being delivered. You can also submit feedback anytime.

If you have a more urgent concern, your first point of contact should be the SFRSC Academic Coordinator or the Graduate/Undergraduate Coordinator for the program offering the course. You may also submit a complaint directly to UF administration:

Students in online courses: https://distance.ufl.edu/getting-help/
Students in face-to-face courses: https://registrar.ufl.edu/complaint.html

All faculty, staff and students at the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.
