

FOREST RESOURCES & CONSERVATION

CONSERVING OUR FORESTS & MANAGING OUR NATURAL RESOURCES

UF | IFAS CALS
UNIVERSITY of FLORIDA

SCHOOL OF FOREST,
FISHERIES, AND
GEOMATICS SCIENCES

With society's growing need for the sustainable production of clean water, forest products, and nature-based recreation, the demand for natural resource specialists will continue to increase. The FRC major is the only nationally accredited 4 year forest resource program in Florida.

EXPERIENCE OUR PROGRAMS

We use an interdisciplinary approach to address problems; a practical approach to develop solutions; and a *hands-on* approach to learn and share new information.

UF

No.2

best value in public college education with all the benefits of a small school within the resources of a

top-10 university

- UF's esteemed academic reputation
- Top 10 Career Connections Center
- Research programs with our 60+ faculty
- Variety of student groups
- Field lab sizes average under 30 students
- Great relationships with agencies & industries for jobs/ internships

Merit-based scholarships available 3 times a year.

90% of our graduates find full-time professional employment in this field.

Nearly half of Florida is covered in forests and the forestry industry has a

\$25 billion economic impact to the state.

Forestry products are FL's #1 agricultural export, and are tied with horticulture as the **top industry in the state.**

Courses emphasize professional experiences, equipment, and skills in the outdoors and utilize **UF's 2,600+ acre Austin Cary Forest** for teaching and research!

Pathways to Campus Admission - Both Freshman and Transfer students complete the same junior and senior coursework and receive the same UF degree.

Freshman applications are reviewed with a holistic consideration on a variety of factors. You are encouraged to utilize the personal essay to showcase an individual story that sets you apart, and highlights your passions and positive addition and impact you will bring to the Gator Nation.

Transfer students are welcome to become Gators after earning an AA degree and completing minimum qualifications. Families may choose this option to allow students to live closer to home for two years, reduced tuition costs, or for a variety of other commitments.

Students wishing to major in Forest Resources and Conservation can be admitted in two ways: as a freshman after completing high school or as a transfer student after earning 60 or more transferable college credits from a community college, junior college, or other 4-year university. An Associate of Arts degree from a Florida institution is encouraged, as it will satisfy all UF general education requirements.

Complete the following courses with a 2.5 GPA (includes all attempts at a course).

- BSC2010 + BSC2010L Biology 1 + Biology 1 Lab 3 credits + 1 c.
 or BOT2010C or General Botany with lab or 3 credits
 or ZOO2010C or General Zoology with lab or 3 credits

- SPC2600 Public Speaking 3 credits
 or AEC3030C or Effective Oral Communication or 3 credits

- MAC1105 College Algebra or higher level mathematics 3 credits

- ECO2023 Principles of Microeconomics 3 credits
 or ECO2013 or Principles of Macroeconomics or 3 credits
 or AEB2014 or Economic Issues, Food & You or 3 credits
